

# YOUR MOM PLAYS KICKBALL ...

## NOT.

### 1<sup>ST</sup> EVER KICKBALL SMACKDOWN BETWEEN ACRONYMS

### IBP vs BMBB

### FRIDAY AUGUST 28 4 TO 7 PM

Want to relive the humiliation, sweat, and *sheer joy* that you last experienced in 6<sup>th</sup> grade gym class?? No, we're not climbing ropes. It's kickball – a ball that *doesn't hurt*. The Department of Integrative Biology and Physiology is facing off against long-time rival Biochemistry, Molecular Biology and Biophysics on the kickball field. Show your department, your boss, your friends, your family, and especially the grad students and the staff you see most regularly that you care: show up and kick some red rubber butt! Watch Bernlohr and Metzger duke it out!

Only non-alcoholic drinks will be provided by departments, so this is pot-luck and during dinner time! Bring a dish or whatever else to share. Good news: *will have* an alcohol permit! Blankets, chairs, etc. are encouraged since there are no bleachers.

Good news: almost no one is better than you at kickball. REALLY.

**WHO ARE THESE HAPPY NUTJOBS???**

**WHERE:** Bierman Field #3, by railroad tracks in Dinkytown.

**WHEN:** Friday, August 28, 4-7 PM.  
4-5 = warm-up.

**GAME STARTS at 5 PM!!**

Bring your families! Bring brownies and what you like to drink! Cameras! Also, consider bringing a kickball!
