Sponsored Research and Compliance

The Sponsored Research and Compliance Team is dedicated to enabling the research goals of the IBP department. This team facilitates grant submissions in the pre-award stages, serving as a resource to faculty and research staff on the policies and guidelines pertaining to federal, state and foundation grants. They also act as a liaison to the University of Minnesota's Sponsored Projects Administration (SPA) and provide guidance on changes in the research environment.

What we can do for you:

- Provide up-to-date information on laboratory safety and pertinent policies
  Alert faculty to government, nonprofit and industry funding sources
- Coordinate proposal development and submission process
- Provide up-to-date guidelines for proposals
- Coordinate subcontracts
- Complete annual progress reports
- Maintain proposal documents
- Act as liaison to Sponsored Projects Administration
- Manage award data and reporting
- Assist post-docs in submitting fellowships and career transition award proposals
- Facilitate PI or institutional grant transfers
- Provide information on responsible conduct of research (RCR) training and professional development opportunities
- Assist with IACUC and IRB protocol tracking
- Assist with REPA filing
